WDBS DARTMOUTH BROADCASTING SYSTEM

Director of Athletic Publicity

New Haven, Connecticut

Dear Sir,

We are anxious to broadcast the Yale - Dartmouth football game on October 29, 1949. There is a possibility that we will be unable to do so unless we can get a sponcor. However, this does not seem probable, so we would like to go ahead and make arrangements for facilities. We have a crew of two announcers and one engineer, who, with the aid of spotters, if available, would do the game.

WDBS is a student-operated non-profit organization broadcasting on a carrier current system to the student dormitories only. The location of Hanover makes it virtually impossible to pick up any other stations with any degree of clarity. Because of this, the student body would be unable to hear the game unless we carry it, so we woulkd like to ask your permission to broadcast the game.

Thank you very much for your attention.

Sincerely yours,
William M. Brooks
